STATEMENT OF REASONS FOR ALLOWANCE

3. The following is an examiner's statement of reasons for allowance:

The claims in their present amended forms have overcome the prior art of record because neither Gordon nor Policicchio, the close prior art of record, teaches, discloses or suggests a cleaning article having a sheet configuration comprising a flexible substrate having a first portion, divided by an impermeable barrier extending through the flexible substrate from a second portion, as those recited, and which is shown at least in Figures 2 and 3, and page 6, line 12 to page 7 line 10 of the specification. The cleaning articles of each of Gordon and Policicchio are layers of substrates, and do not "extend through" the substrate as required in the present claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
